

MSc Clinical and Health Psychology

Academic Review Panel Dates and Deadlines 2016/17

Thank you for your interest in the Clinical and Health Psychology MSc.

As I hope you are already aware, decisions on applications for this programme are made at periodic review panels. For your application to be considered at these panels you must submit your application along with your research proposal, up-to date transcripts and at least one academic reference before the deadlines listed below:

Academic Review Panel	Application Deadline
1st Review - January	11/01/2016
2nd Review - April	11/04/2016
3rd Review - July	11/07/2016

We will make offers on 1/3rd of available places at each review panel. If we are unable to offer places to all suitable candidates', applications will be scored and added to a waiting list. We will monitor declined offers closely and make offers from the top of the waiting list should any places become available.

We look forward to receiving your application.

Bes Wishes,

Rob White | PGT Admissions and Programmes Administrator | School of Psychological Sciences |
University of Manchester. Tel: (+44) 161 275 2585
